WARNS COX OF RUMORED MOVE ON W. VA. TOWN

Cornwell Refers to Plan of Strikers to March to Weirton.

MESSAGE TO SHERIFF

Declares Effort Will Be Attack Upon Sovereignty of West Virginia.

COLUMBUS, Sept. 26.—That 5,000 men from Steubenville and other Ohio towns nearby are planning to cross into Hancock county, W. Va., for the purpose of compelling workmen to quit their places, is a rumor current in West Virginia, Governor Cornwell, of that state, wired Governor Cox today. "Any such effort will be regarded as an attack upon the sovereignty of West Virginia," Governor Cornwell informed Governor Cox.

Telegraphing W. G. Baker, sheriff of Jefferson county, to keep him advised of developments, Governor Cox said:

"I have no means of knowing whether the delegation in question contemplate anything which would be a violation of the laws of Ohio, but I respectfully urge upon you to use your best offices in order to avoid any possibility of conflict between the citizens of this commonwealth and the state government of West Virginia."

Striking steel workers from Steubenville, if a mass meeting to be held in that city Friday night fails to accomplish its purpose—organization of the workers in the Weirton Steel company's plant at Weirton, W. Va.—propose to march on the latter town Monday, according to information reaching here Friday.

Negro, Aged 90, Seeks Divorce.
MARION, Sept. 26.—Prince Johnson, colored, 90 years old, late yesterday brought suit for divorce from his wife, Grace, whom he married at Delaware in 1915. Johnson, a former slave, says his wife is "grossly neglectful."

THROW EGGS TO STOP WORKERS

Decayed Tomatoes Used as Weapons in Cleveland Clash.

CLEVELAND, Sept. 26.—Eggs, over the age limit, and tomatoes similarly spoiled, were the persuasive weapons used by girl strikers at the plant of the American Cigar Company to prevent loyal employees from entering the plant. An occasional stone in the bombardment lent a tinge of seriousness to the situation.

A strike has been effect at the cigar plant for about two weeks. Pickets have been on duty and this morning the girl pickets endeavored to prevent workers from entering the plant. When peaceful means failed the fusillade of rotten eggs, fruit and stones started to fly.

Police reserves quickly quitted the situation, seven girls being arrested. No one was injured.

Safe in New Waterford Savings and Banking Company's Institution is "Cracked" Thursday Night—Robbers Overlook Large Sum of Money—Cashier Discovers Robbery.

Yeggs cracked the safe in the New Waterford Savings and Banking company's institution in New Waterford, five miles south of East Palestine, shortly after Thursday midnight, securing \$15,000 in Liberty bonds, \$160 in cash and \$600 worth of stamps.

The robbery was discovered at 8 o'clock Friday morning, when Cashier J. S. Johnston opened the doors of the bank. The safe had been opened by the cracksmen, who used an acetylene torch. The cash and Liberty bonds were taken from an outer compartment. No attempt was made by the crooks to force the inner section of the safe and a large sum of money reposing there was overlooked.

The bank is located in a two-story frame building in Silliman street, just opposite the Fort Wayne railroad station in the heart of the town. The village postoffice and a drug store occupying rooms in the same building were not visited by the yeggmen.

Explosion is Not Heard

The robbery, one of the boldest in the history of New Waterford, was quietly perpetrated without disturbing any of the village's 600 people. Not even the muffled sound of the explosion used in forcing the door of the safe aroused residents of the village. The robbers escaped without leaving a clue to their identity.

The village slumbered undisturbed until morning when it was awakened with a shock following announcement of the robbery. Mayor R. H. Murray was immediately notified by the bank officials of the robbery and word was dispatched to the county authorities in Lisbon.

The New Waterford Savings and Banking company, controlled largely by local capital, has operated in New Waterford for a number of years. James H. Koch, of the firm of Koch brothers, carriage manufacturers, is president of the concern. Thursday night's robbery was the first in the bank's history, it was stated Friday.

Work of Professional Crooks

That the robbery was the work of professional cracksmen was the belief of county authorities Friday. The men quietly entered the village after the townspeople had retired, forced an entrance by picking the lock on the front door of the bank, and poured the "juice" into the cracks of the bank safe. The shock of the explosion which tore the safe doors from their hinges was successfully muffled and the bandits gathered the cash and government securities from the outer compartment and slipped quietly out of town.

The escape of the crooks could not have been aided by the railroad as no passenger train stops in the town until 8 o'clock in the morning. It is entirely probable, authorities assert, that the robbers visited the town in an automobile. Police authorities in all surrounding towns have been notified to keep a lookout for the robbers.

PLEADS FOR MERCY AS HE GOES TO DEATH

COLUMBUS, Sept. 26.—One of the most pitiful electrocutions in many years took place at the penitentiary here this morning. Tears streaming down his cheeks, and calling upon God for mercy, between sobs, James Morgan, 51, negro, met death in the electric chair at 12:09 a. m. The current hit his body, cutting short in mid-sentence his plea for mercy. Morgan was convicted of killing Alexander Grant, Wabash railroad conductor, in Williams county. He said he shot Grant in self-defense.

Another "Duster" Drilled In.

MARION, Sept. 26.—Another "duster" was drilled in today by the Logan Natural Gas and Oil Company. Two or three more wells are being drilled by different companies. The Caledonia field, where the "dusters" have been drilled in, is productive so far of about seventy five barrels a day.

EXPERT CORN CUTTERS GET \$14 A DAY

FINDLAY, Sept. 26.—Expert corn cutters in many parts of Hancock county are getting as high as \$14 a day when they work by the shock. Farmers say they are forced to pay unheard of prices in order to get their crop out—the largest in the history of the county.

POLICE JAIL MIDLAND MAN FOR MURDER OF FRUIT DEALER

Consegrative Pava Held for Complicity In Death of Sando Azzarello.

TWO OTHERS SOUGHT

Cold Blooded Crime Is Committed Near Midland Thursday.

Consegrative Pava, 35, Italian of Midland, Pa., arrested Thursday night at 8 o'clock in Smith's Ferry in connection with the murder of Santo Azzarello, 35, Midland wholesale fruit dealer, has been positively identified as one of the three assailants implicated in the shooting. Chief of Police E. E. Etter of the Midland police force declared Friday.

Pava has been lodged in the Beaver county jail, in Beaver, Pa., for safe keeping. He was taken into custody by Justice Charles McNeil and Patrolman Roddy Trovitch of Midland, when he emerged from the woods and sought to hire McNeil's automobile to take him into West Virginia.

When McNeil summoned Officer Trovitch to his side, Pava attempted to draw a long barreled 38 calibre revolver from his belt. He was overpowered by the police, placed in McNeil's auto and rushed to Beaver. He was identified by Steve Dumpsky, Serbian of Midland, companion of Azzarello on the fatal trip and also by Sergeant Thomas King of the Midland police force.

Azzarello was lured to a lonely spot on the Midland-Smith's Ferry road, about one mile west of Midland, near Stop 9 on the Steubenville, East Liverpool and Beaver Valley Traction company's tracks shortly before 3 o'clock Thursday afternoon by a telephone message asking his aid in pulling a truck from the mud. He secured Dumpsky to drive his fruit truck and left at once for the scene.

The truck was halted near the location of the supposed abandoned car by three Italians. A few words in Italian were exchanged between Azzarello and the three men, Dumpsky told the police. Just as Azzarello was handing one of the men a roll of bills, the three produced revolvers and fired a volley of shots. Three bullets pierced Azzarello's heart and one passed through his brain. The man rolled from the truck to the ground. Dumpsky escaped injury in the hail of bullets.

The three assailants fled across the road toward the river where they hid in the bushes. Dumpsky drove the truck back to Midland police headquarters and gave the alarm. Chief of Police E. E. Etter was on the scene of the murder within ten minutes after the shooting. A police net was spread out around Midland and a posse scoured the hills all night for the murderers.

Azzarello was a married man and had been a resident of Midland for over 13 years. He owned a large wholesale fruit and vegetable concern in Midland.

OUTLINE PLANS FOR CLEAN-UP IN CITY

Definite plans for the citywide clean-up to be staged early this fall as a part of the city's precautions against a recurrence of the Spanish influenza epidemic will be laid at the meeting of the board of health Friday night, J. T. Croxall, chairman of the board, said Friday.

Chairman Croxall was to confer with Service Director E. J. Smith Friday afternoon to ascertain whether the city street department forces could be placed at the disposal of the health board in its campaign against filth. Definite dates for the citywide clean-up and a tentative schedule for the city teams to cover the city will likely be mapped out at Friday night's meeting.

LABOR LEADER ASKS RIGHT OF EMPLOYEES FOR DAY IN COURT

American Federation of Labor President Testifies at Senate Probe of Nationwide Tie-up of Steel Industry.

SAYS HE WILL DO 'ANYTHING BUT LAY DOWN'

Charges Foreigners Among Strikers Were Imported by Companies Especially to Work in Mills—Answers Questions of Probers.

WASHINGTON, Sept. 26.—"The right of the employees to be heard through their own spokesmen. "The right to have their day in court."

These are the issues in the steel strike, Samuel Gompers, president of the American Federation of Labor, today told the senate committee investigating the steel strike.

The veteran labor leader charged that the foreigners among the strikers were imported by the companies especially to work in the mills, a practice which he said had been followed for 25 years.

The steel companies, Gompers asserted, have done everything to prevent the men from organizing, conducting a system of espionage and discharging employees who attended any meetings. And discharge from the steel mills, he added, meant that they were blacklisted from getting employment elsewhere.

Gompers, taking the stand, was told by Senator Kenyon that he might sit or stand during his testimony.

"Anything but lay down," answered Gompers.

Gompers said he had no prepared statement and preferred to be questioned.

"What are the issues in this strike?" asked Senator Kenyon. "The issue of the right of the employees to be heard through their own spokesmen—spokesmen of their own choosing; the right to have their day in court, the court to determine wages and conditions of employment," Gompers replied.

"The right of association of workers has been denied for many years, and denied with all of the power and wealth and domination of the steel corporation," he continued. "Not only denied by lawful means, but more often by unlawful and brutal means."

"The charge has been made that the men now engaged in the strike are foreigners. That may be true and no doubt is. But these men were brought to the United States by the systematic efforts of the steel corporation and given preference over native Americans or men already in America."

"Indeed there was a systematized

CANCELS TRIP UPON ADVICE OF PHYSICIAN; IN ILL HEALTH

Train Stopped On Outskirts of Wichita, Kansas.

COMMITTEE GETS WORD

President Kept Awake at Night by Nervous Reaction.

By JOHN EDWIN NEVIN.
WICHITA, Kansas, Sept. 26.—President Wilson's trip in behalf of the confirmation of the treaty of Versailles, was called off this morning. The president was ill through the night and Admiral Grayson, his personal physician, was in constant attendance on him. The train was stopped on the outskirts of Wichita and word was sent to the committee there that the trip had been called off.

The reason assigned was given in the following statement made by Secretary Jos. P. Tumulty:

"The president has exerted himself so constantly and has been under such a strain during the last year and has so spent himself without reserve on this trip that it has brought on a nervous reaction in his digestive organs. Dr. Grayson therefore insists upon the cancellation of his remaining appointments and his immediate return to Washington notwithstanding the president's earnest desire to complete his engagements."

The president did not get any rest during the night as the nervous reaction kept him awake. Admiral Grayson remained constantly at his side. The president was very insistent that there should be no interference with the trip as he did not want to disappoint the people. However, it was stated by the doctor that it would be very unwise for him to attempt any further speeches. The president was very much disappointed with this order, but he finally accepted the dictates of his physician.

Orders immediately were sent forward to arrange for the return of the train to Washington. The president will go direct to the white house on his arrival there to rest.

Admiral Grayson stated that all that could be said was contained in the statement issued by Secretary Tumulty.

The president's train left for Washington at 11 o'clock. A great crowd had turned out here for the speech.

INTERVENTION ONLY HOPE TO END WALKOUT

Indications Point to Steel Strike Being Long-drawn Out.

FIFTH DAY OF TIE-UP

Steel Workers Claim 350,000

Men In Ranks of Strikers.

PITTSBURGH, Sept. 26.—The steel strike went into its fifth day today giving every appearance of having been evolved into a long-drawn out test of endurance between the steel interests and their organized employees.

Events of the last 24 hours lead to the belief in Pittsburgh that only intervention by some outside agency, possibly the government—can lead to a quick settlement of the conflict.

Both sides saw in Judge Gray's reiterated refusal to deal with Foster and Fitzpatrick and E. R. Grace's refusal to meet them in conference a declaration of the platform upon which the steel operators will fight the issue out to a finish. It also was admitted here that stand taken by the two biggest steel interests of the country—the U. S. Steel corporation and the Bethlehem Steel Company—cannot fail to crystallize behind them the smaller independent concerns of which there are many throughout this section.

The physical side of the strike is practically deadlocked here today. Union leaders claimed small additions to their ranks. Men are gradually being persuaded to come out of the mills which are still running and in South Pittsburgh where some of the largest mills of the city are located the gain has been substantial, according to union claims. Strike headquarters as-

SET DATE FOR BIG RECEPTION

Homecoming Celebration for Service Men of Hallowe'en Night.

East Liverpool's delayed reception to the men who responded to the call to the colors during the world war will be staged Hallowe'en night, October 31, W. H. Vodrey, chairman of Mayor J. S. Wilson's committee on arrangements, announced Friday.

This date was definitely fixed Friday after a conference between Mayor Wilson, Chairman Vodrey and representatives of several local patriotic and fraternal organizations. A meeting of the mayor's committee will be called early next week to launch plans for the function, Chairman Vodrey said.

East Liverpool Post No. 4, American Legion; Private Eddy Post No. 66, Veterans of Foreign Wars; General Lyon Post No. 44, G. A. R.; Sons of Veterans and other allied patriotic and fraternal organizations of the city will be invited to send a representative to this meeting.

A big street parade is tentatively planned as the inaugural event on the program for the affair. Other features will be outlined at next week's meeting.

COUNTY NEWS

INDICTED MEN ARE ARRAIGNED

The eight prisoners held in the county jail and who were indicted by the last grand jury, were arraigned before Judge J. C. Moore Friday morning.

Walter Kelley, aged 18, of Salem, who was charged with an attempt to burglarize the Rich & Rugsy store at Salem, entered a plea of guilty and was given a suspended sentence to the Mansfield Reformatory. Kelley was caught trying to open a window. He stated to the court that he was trying to break in to steal cigarettes, to the use of which he is addicted.

William Stevenson of Lisbon, a colored man, was arraigned on the charge of incest. He pleaded not guilty.

Hershel McDoll of East Liverpool, charged with assault and battery upon J. J. Singer, pleaded not guilty. Addison Duke of East Liverpool, charged with horsestealing, pleaded not guilty.

James B. Cunningham, of East Liverpool, to the charge of abandoning legitimate children, pleaded not guilty.

Wade Osborn of Wellsville, charged with abandonment, entered a plea of not guilty.

Harry Varain of Alliance, charged with stealing an automobile, pointing firearms and carrying concealed weapons, pleaded not guilty to all the charges. M. C. Moran, indicted with him in the auto stealing case, was not arraigned. He has employed counsel and will make a fight, it is claimed.

sert that the number of men now on strike throughout the country totals \$50,000, a gain of 8,000 over the last previous figures.

On the other hand, the operators, claimed that everywhere the situation is clarifying and men are reporting back to work. Assurance that they will be protected has led thousands of men to return to their tasks, they claim, with the result that there is a gradual resumption of many departments in the mills which were closed on the first day.

The strikers' national committee will meet here within the next few days to decide on a policy with regard to the Bethlehem plants, which so far have been exempt from the strike. Little doubt was expressed today that the committee will order the walkout. It was said that President Grace's refusal to deal with the leaders leaves the unions no other choice of action.

The strikers through this district have the right to meet today—if they can find a place to gather indoors. A protest committee waited on Sheriff W. S. Haddock, of Allegheny county, asserting that their constitutional rights were being abridged by breaking up of meetings by state constabulary. The sheriff informed them that they could meet peacefully in halls, but that open air meetings were taboo because of the danger of mob action resulting.

"That's safe enough," said members of the committee bitterly, "for there isn't a hall in Allegheny county that we can get into. The steel trust has every one of them sewed up."

Pittsburg is filled with rumors that strikers are planning a demonstration by marching into the city in columns from several nearby steel cities, converging here. So persistent did the rumors become that the chief of police procured 125 riot guns and armed as many police.

The situation is reported quiet throughout the affected areas today. There were no disorders reported during the night.

NEW YORK, Sept. 26.—Judge E. H. Gary, chairman of the board of directors of the U. S. Steel corporation, is on record today with the personal conviction that the national strike of iron and steel workers should not be arbitrated nor compromised because of the moral principle involved.

Judging from his statement—the first he has made since the iron and steel workers opened their industrial war for recognition of their union—Judge Gary believes that the strike should be a "fight to a finish."

WASHINGTON, Sept. 26.—Despite the assertion of Judge E. H. Gary, head of the United States Steel corporation, that the present strike should not be arbitrated, the senate committee investigating the walkout was today considering a move that in effect would be the first step toward arbitration. Senator Kenyon and other members of the committee, impressed by the statement of John Fitzpatrick that the strikers are ready for arbitration were considering today asking Judge Gary to appear before the committee at an earlier date than next Wednesday.

If Judge Gary should show any disposition to reverse his attitude, the senate committee would immediately communicate with President Wilson, members said, and ask him to arrange for a board of mediation.

COX KEEPS EYE ON STRIKE SITUATION

COLUMBUS, Sept. 26.—Replying to the request from many Ohio business men that he send state troops to steel strike centers, Governor Cox, declared that the moment an attempt is made "to make this strike an industrial revolution, the troops will move instantly."

"The executive eye of Ohio is vigilant," said Governor Cox.

SUIT IS FILED BY SOLICITOR THOMPSON

DIVORCE IS REFUSED IN SALEM CASE

The contested divorce case of Lester Ware against Pearl Ware of Salem, was concluded Thursday afternoon. The wife had filed a cross petition and asked divorce and alimony. Her cross petition was dismissed by Judge Moore and the husband was also refused a divorce. The child of this couple is to remain with the husband's parents. While Ware was in the army he claims his wife was guilty of certain indiscretions, but he did not bring proof of this to the satisfaction of the court. She alleged that he had never provided her a home except with his people.

Two Decrees Granted. Bertha Excell of Saltville was granted a divorce from Chalmers Excell upon the grounds of three years' wilful absence.

Florence Minter of East Palestine was divorced from Roy W. Minter of East Palestine on the grounds of three years' habitual drunkenness.

SHRINES TO ATTEND TEMPLE DEDICATION

A special Pullman car will be chartered to carry East Liverpool's Shriner to the ceremonial session marking the dedication of Al Koran temple at Cleveland Saturday, Oct. 4.

The East Liverpool Shriner's club, headed by F. P. Geiger, president, will accompany a large class of candidates from this district to the Cleveland meet. A committee composed of George H. Stewart, H. S. Russell and Ray J. Thompson was named at a meeting of executives of the Shriner's club Thursday night to complete arrangements for the pilgrimage.

FIRST ANNIVERSARY OF ARGONNE DRIVE

Friday is the first anniversary of the opening of the mighty Meuse-Argonne offensive in France—the final campaign in which the Americans smashed the southern flank of the Hindenburg Line and gave their most extensive aid in bringing Germany to her knees. Co-operating with the French on a 40-mile front north of Verdun, General Pershing's veterans began a drive in which fighting never ceased until Germany threw up her hands and signed the armistice on November 11.

OUTLINES CAUSE OF INDUSTRIAL UNREST

WORCESTER, Mass., Sept. 26.—The barrier created between the worker and the employer by subordinate bosses is one of the underlying causes of industrial unrest in this country, according to Professor James P. Porter, dean of Clark college, who, concealing his identity, worked all summer as a common laborer in a Massachusetts spyglass to get labor's own viewpoint.

Professor Porter believes that a closer and more cordial relationship between the employers and the workmen would bring about harmony, co-operation and greater production.

FIVE SHOTS FIRED AT BOSS OF FURNACE

SHARON, Pa., Sept. 26.—Five shots were fired from ambush here early today at W. S. Sprow, superintendent of the Clair Steel Furnace Company, and Wm. E. McCree, of Mudge and Company while they were returning from the Clair steel mill. None of the shots struck the men.

State troops were hurried to the scene of the ambush but could find no trace of the men who fired the shots.

WILL OBSERVE ARGONNE DAY

Gov. Cox Appeals for Special Services On Sunday.

COLUMBUS, Sept. 26.—All of the churches of the state were called upon in a proclamation issued today by Governor Cox to observe next Sunday as Argonne day. The proclamation follows: "We are reminded that Friday, September 26th, 1919 is the first anniversary of the beginning of the Argonne drive where the first American army drove its way through the defenses which time and again had proved invulnerable to the armies and their allied associates.

"In this great and victorious assault the sons of Ohio took a prominent part for which there were received citations for the honor and valor of those who represented the Buckeye state.

"In commemoration of the day which marked the beginning of that drive, one hundred and fifty organized posts of the American Legion will pledge anew their fealty to the country for which its members fought. It is respectfully urged that in the churches throughout the state on the Sunday nearest the 26th of September, which will be the 28th of the month, services be held with attention to this date, and that special prayers be offered for those who died in the Argonne woods that America might live and that freedom of the people of the world might be assured."

TO INITIATE EIGHT INTO POLICE LODGE

Eight members of the East Liverpool police department will be initiated into the Fraternal Order of Police Friday afternoon at City Hall. Five members of the Wellsville police department including Chief John Riel were also to be admitted into the fraternity Friday.

William Jones, president, Richard Edgerly, vice president, B. S. Finch, secretary, Mr. Matthews, guard and two other executives of the Steubenville lodge, were expected to arrive here Friday afternoon to aid in conferring the initiatory degree on the local coppers.

DEMOCRATIC NATIONAL COMMITTEE IN SESSION

ATLANTIC CITY, Sept. 26.—Two radical changes of administration will be considered by the executive committee of the Democratic national committee which began a two-day session here today behind closed doors. The proposed changes are:

(1)—To abolish the two-thirds nomination rule and make selection by a majority vote in the same manner as the Republicans.

(2)—To distribute the headquarters of the national committee according to a zone plan, thus dividing the country into districts, each having its separate national headquarters.

There is considerable sentiment among the Democratic leaders here in favor of former Secretary of the Treasury W. G. McAdoo as the next Democratic presidential nominee.

effort to eliminate Americans," Gompers said. "They have the harvest to reap now."

"At what time was this bringing in of men in practice?" asked Senator Phipps.

"For 25 years until just before the war," answered Gompers.

Gompers declared in answer to a question from Senator Phipps that the practice had been continued even after the passage of the law prohibiting the immigration of contract labor. He said that later he would submit records of immigration and documents to prove his statement.

"The hours of labor in the steel industry have been abnormally long," Gompers said.

"The attempt to organize on the part of the people themselves has always been met with stern opposition from the steel corporations," Gompers continued. "The requests came from the workers themselves that they be organized. Those men making such efforts were spotted by the detectives and by espionage. The detective agencies in the United States two years ago devoted fully 80 per cent of their activities in dealing with agents in the mills or mines, or engaged in spying, dogging men, or to provoke men into contests prematurely in order that they might commit some overt act or be forced into a premature strike for which they were unorganized."

"Men were discharged for no other reason than grumbling. Men who had the temerity to go to any meeting were watched and tagged and discharged the next morning."

HALEY RETURNS FROM OVERSEAS

Served as K. of C. War Work Secretary In France.

C. Edward Haley, Canton, formerly of this city, has just returned from overseas after seven months service as Knight of Columbus secretary. He is a brother of Patrolman James Haley of the city police department.

Haley landed in New York City ten days ago and was immediately discharged from the K. of C. war work service. During his service overseas Haley served as director of athletics. Following the cessation of hostilities Haley toured Europe visiting ten different countries before leaving for the United States.

A six o'clock dinner was served Wednesday evening at the home of Mrs. Harry Buxton, McKinnon avenue in honor of Mr. and Mrs. Haley. Places were arranged for ten.

BRITISH RAILWAY MEN TO STRIKE FRIDAY

LONDON, Sept. 26.—The railway men will go on a national strike at midnight, it was announced today by J. H. Thomas, head of the National Union of Railway Men.

It previously had been stated that progress was being made towards an adjustment of the trouble by the executive organization of the union and the cabinet.

The men are demanding standardization of wages among other things.

"The whole system of espionage on these workmen was greater than has ever been put upon the greatest criminal."

"Being discharged from the steel industry meant practically that they were blacklisted and prevented from getting any other employment."

"The proprietors of halls rented for meetings were told that the doors must be locked. Men who wanted to go to meetings had to pass through lines of detectives and thugs, with a hundred or more on each side of them. Men meeting on private lots were run down, charged against."

D'ANNUNZIO'S TROOPS MAY BE REPLACED

PARIS, Sept. 26.—The Italian government may replace Captain Gabriele D'Annunzio's forces in Fiume with regular troops pending a final settlement of the trouble there, according to a dispatch from Turin today.

The proposals to send regulars to Fiume to replace the soldiers led by D'Annunzio was made at the Italian crown council by former Minister Giolitti, and it was reported from Turin that this solution might be accepted by the Italian government.

EAGLES TO INITIATE CLASS ON SATURDAY

The degree team of East Liverpool Aerie No. 457, F. O. Eagles, will exemplify the initiatory degree at a large class initiation in connection with the celebration of the burning of the mortgage on the Steubenville aerie Saturday night in Steubenville.

The local lodge degree team, captained by Samuel Brookings, is said to be the best drilled organization of its kind in this section of the Ohio valley. Between 25 and 30 local lodge-men will accompany the team to Steubenville. A banquet and program will feature the function.

W. M. Carey of this city, deputy grand president, will attend a meeting of deputy grand presidents of Ohio to be held in the Southern hotel, Columbus. The meeting has been called by Past Grand President Mann of Kansas City, Mo. Readjustments of insurance features of the fraternity will be considered at the conference.

ARRANGE FOR BRITISH TO OCCUPY BUDAPEST

GENEVA, Sept. 26.—It was reported from Vienna today that the allies have arranged for British troops to occupy Budapest after the Roumanians have evacuated the city.

This news is said to have caused enthusiasm among the Austro-Hungarian populations.

POLICE HERE TO JOIN LODGE

Five members of the Wellsville police force will Friday become members of the Fraternal Order of Police. Chief of Police John Reil and Patrolmen Newton, Phillips, Baker and Newton will take the initiatory degree at the East Liverpool city hall Friday afternoon at 1:30 o'clock.

The members of the local force were to have joined the lodge last Friday, but officials of the Steubenville organization, who were to have taken charge of the initiation, decided to postpone action until Friday.

The Fraternal Order of Police was organized at Pittsburgh on May 14, 1917. On July 21, 1919, the organization included 21 separate districts. Predictions were made that within two years the nation's police force would be affiliated with the lodge.

The Ohio Valley lodge of the F. O. P., Steubenville district, Thursday received a letter from the grand lodge at Pittsburgh declaring that "the eyes of the nation are on the police officers at this time and his action and his works will be noted by the world."

Entertained Club.

Members of the Semper Idem club were entertained Thursday evening at the home of Mrs. Fred Wilson in Seventeenth street and Buckeye avenue. The home was decorated for the occasion. A luncheon was served by the hostess. The table was centered by a large basket of pink flowers. Guests of the club were Mrs. Thomas Grafton, Mrs. James Smith, Mrs. Edward Satow and Miss Maymo Wilson.

W. C. T. U. Meeting.

Reports of the activities of the Women's Christian Temperance Union were submitted at a meeting of the organization at the home of Mrs. J. F. Campbell in Fifteenth street Thursday night. Plans were discussed for the departure of the delegates to the county convention to be held next week at Damascus.

Miss McElroy to Entertain.

Miss Alice McElroy will entertain members of the Loyal Temperance Legion of Wellsville Friday evening at her home in Commerce street. A program of music and games has been arranged.

M'DEVITT BACK FROM FRANCE

Elvie L. McDevitt, son of Patrolman and Mrs. Joseph McDevitt of Broadway, arrived home this morning with an honorable discharge from the United States army, after serving with the colors for a little more than a year.

Young McDevitt left here with an increment of select service men on August 29, 1918, and was sent to Camp Zachary Taylor, Ky. McDevitt spent four months at Camp Taylor. Shortly after his arrival there he was sent to a cooking and baking school and continued his training in this line after he was sent to Camp Mills, L. I., Jan. 1, 1919.

In July McDevitt was given an opportunity to make the trip across the Atlantic. He, together with other cooks, was shipped aboard a transport and sent to Brest. After a six days' stay there he returned to the transport and aided in feeding a large number of officers and men who were being sent to the United States for discharge.

Following this trip to France he was sent to Camp Merritt, N. J., and then transferred to Camp Dix, N. J., receiving his discharge at that place.

Sanitary and Durable Simmons Brass Bed.

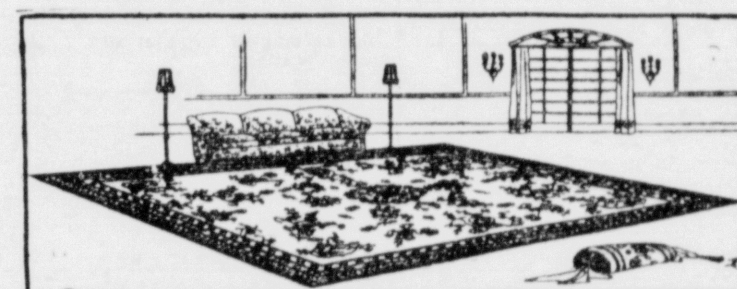

You'll never regret buying a brass bed of this high standard. Especially at the low prices we have marked them — fully 20 per cent less than today's value.

AN IMPORTANT POINT TO CONSIDER IN BUYING DINING ROOM FURNITURE

Naturally you'll want something attractive. But you should look well to construction too. For, if a dining room suite is not substantially made of good materials it is apt to soon grow tiresome and less useful from time to time. The beautiful William and Mary and Queen Anne suites we are making a special display of, have serviceability and grace combined with fair price.

THE RADIANT BEAUTY OF A RUG DEPENDS UPON ITS WEAVE

You can readily see why it is necessary to be particular about the weave of a rug when so much depends on this feature. The rugs we are showing, priced variously according to their quality, are woven by some of the most prominent manufacturers in the country. That is why you are assured of the best for the money. The Axminster, illustrated, is only \$54.25.

Was Advised to Use Nerv-Worth By Two Doctors

Charles F. Johnson Makes Significant Signed Statement

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

"The Mykranz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down."

"I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was affecting my eyesight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors."

CHARLES F. JOHNSON, 380 West Third Ave., Columbus. Your dollar back at the Larkins' drug store, East Liverpool, if Nerv-Worth does not benefit you. Neighborhood agents: H. R. Schoff, Salineville; J. P. Calhoun, Wellsville; Welch drug store, Toronto; Frank Huff, Chester; G. H. Stewart, Newell, F. W. Gamble, Midland.

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the terrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away."

The cause of this over stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight, quickly and easily without a starving diet, violent massage or strenuous exercise. Go to any drug store and get a box of Phynola; take five grains after each meal and at bed time. This treatment will often give quick relief from overburdening fat. Phynola taken at meal time assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. By this method many have reduced their weight a pound a day and there is no flabbiness left. Charles T. Larkin, druggist, can supply you with the genuine Phynola at a small cost.

PERSONALS

Miss Marcella McLaughlin of Thompson avenue is confined to her home on account of illness.

Mrs. Henry N. Foutts, Kokomo, Ind., formerly of this city, has concluded a visit with relatives here. She left Thursday morning for Pittsburgh for a brief visit.

Mrs. Jennetta Swindler of Irondale is spending a few days with her sister, Mrs. M. L. Reed, West Seventh street. Mrs. Swindler was accompanied by her two grandsons, George and James Williams of West Park, O.

John Martin was a Pittsburgh business visitor Thursday.

Mrs. Ella Nagle of Youngstown is visiting at the home of Mrs. Joseph Greenwood in May street.

Mr. and Mrs. James O'Hanlon Sr. attended the Beaver county fair at New Brighton Thursday.

Mr. and Mrs. C. Edward Haley and daughter, Betty, of Canton, are visiting at the Haley residence on Miner street. Mr. Haley recently returned from six months service overseas as a K. of C. secretary.

Miss Grace Ward left Friday for Erie, where she has accepted a position with the Erie Railroad Co.

Miss Nellie McPhail of St. George street, will spend the week-end at the home of her sister, Mrs. T. V. Yates of Salem.

Mrs. Ralph Hawley has returned to her home in Youngstown after visiting at the home of her parents, Mr. and Mrs. R. E. Hill, Avondale street. Harry Brubaker of Pittsburgh, is visiting in this city with friends.

OHIO FEDERATION OF WOMEN'S CLUB

Dues Must Be Paid.

It is very important for all delegates to the twenty-fifth annual convention of the Ohio Federation of Women's Clubs to know that their dues must be paid before October 1 or they will not be entitled to vote. They will receive only a visitor's badge if dues are not paid by the date indicated. A receipt for dues of your organization for the current

year from the state federation must be presented by delegates to the committee on credentials. If your dues to the state federation have not been paid sent the amount required immediately to Mrs. H. E. Mygatt, No. 175 Evergreen street, Conneaut. Dues cannot be paid at the convention.

Payment of the loan scholarship fund is just as important as an obligation. Scholarship fund dues may, however, be paid at the state convention.

Official State Call.

The official call for the state convention in Cleveland October 13 to 17, and the credential cards were mailed last week. If federation or club presidents failed to receive them, Mrs. Prentice E. Rood, state president, No. 738 Grove place, Toledo, should be communicated with at once.

We feel sure that club women will make due allowance for mistakes noted in the official call when they understand that Mrs. Rood was unable to read proof on the copy after it left the printer's hands. Mrs. Rood has been kept at her summer home at Lakeland, Michigan, fighting hay fever.

Convention Line Feature.

One of the line features of the coming state gathering will be the big reception following the banquet, Thursday evening, October 15, when each living past president of the Ohio federation will be in the receiving group with her official family.

A program of uncommon attractiveness in every way has been prepared by the Cleveland Federation of Women's Clubs, which is the largest city federation in the United States. Among the splendid treats not heretofore mentioned will be numbers by Mr. Scholof's quartet, of the Cleveland Symphony orchestra, and a twilight organ recital by William B. Colson, with Miss Lila Roberson as soloist.

Arrangements will be made for visits to places of general interest in and round about the Forest City. Requests for trips of this kind should be made at the information desks not later than Tuesday noon, October 14.

Wednesday a reception tea will be held at the Young Women's Christian association building. Thursday there

will be a motor tour of the city and another tea.

Federation Notes.

Mrs. Charles Chesley, recording secretary of the Ohio Federation of Women's Clubs, is the mother of a

new daughter that has been named Lorna. Although Mrs. Chesley recently moved to New York, she did not sever her affiliation with the Ohio Federation and she expects to be at the Cleveland convention.

When Shopping for Millinery Your First Duty is a Visit to This Department

This isn't selfish advice. It isn't printed for the purpose of corraling you and your well-earned dollar. It isn't an announcement of trade, but an announcement of aid.

You have a moral contract with the husband, or father, or brother who foots the bills.

You have an economic obligation to the children, or sisters, or parents whose welfare you are watching.

You have a duty, whether you are the spender or the defender in your home. Every penny should be zealously guarded and guided. Every dollar should be made to buy to its fullest.

We are not asking that ALL you spend be directed to this Department. Not by any means! That would be a selfish and unfair spirit. We merely ask you to come here FIRST. Go, then, where you will—but use us, and our methods, and our service and our merchandise, and our prices as bases for comparison.

Whether you return to this Department is a matter that your judgment must decide.

CALL MEET OF WEIRTON MEN

Failure of employees of the Weirton Steel company's plant in Weirton, W. Va., to attend a mass meeting of striking steel workers of the Steubenville district Saturday in Steubenville will result in the staging of the proposed parade and demonstration in Weirton Monday, it was announced Friday at union headquarters in Steubenville.

Efforts of the Steubenville steel workers to organize the Weirton men have failed and the Weirton plant continues to operate in full. Employees of the Weirton mill have expressed themselves well satisfied with working conditions and have refused to heed the strike order.

Monday has been definitely fixed as the day for the march on Weirton. The meeting in Steubenville Saturday falls to attract a representative attendance from the Hancock county steel works, strike leaders assert. The demonstration will be staged despite notices posted by Sheriff Armour S. Cooper of Hancock county prohibiting parades and demonstrations of any kind, it is said. No disorder has thus far marked the steel tie-up in the Steubenville district and strike leaders are cautioning their subordinates against any disturbances should the Weirton demonstration be staged.

REV. BECKFORD TO ATTEND CONFERENCE

Rev. John Helps Beckford, pastor of the First Methodist Episcopal church, will attend the Pittsburgh conference of the Methodist Episcopal church to begin Wednesday, October 1, in Uniontown, Pa.

Sunday, October 5, will be observed as "Conference Sunday" in the Chester church. There will be no preaching service either morning and evening, owing to the absence of the pastor at the conference.

Greenlee-Strom Wedding.

Mrs. Mae Greenlee of Chester and Charles Alonzo Strom of Buffalo, N. Y., were married at the home of the bride, First street and Church alley, by Rev. E. Z. Gallaher, pastor of the Church of Christ, Thursday.

Immediately following the ceremony the newlyweds left on a honeymoon tour of the east. Upon their return they will reside in Buffalo.

The bride is well known in Chester and the bridegroom is superintendent of the Great Eastern Elevator company at Buffalo.

BIG CELEBRATION TO BE HELD AT FOLLANSBEE

A great street demonstration with soldiers and civilians in line will feature the big Welcome Home celebration for ex-service men of Cross Creek district to be held in Follansbee, Saturday, October 4.

The committee on the parade held an enthusiastic meeting Friday night and issued a request for every ex-soldier, sailor and marine to turn out in uniform.

The big parade will open the day's festivities. It will form in the center of town promptly at 10 a. m. A complete circuit of the town will be made after which the service men will be treated to a chicken dinner. It is expected that about 500 ex-soldiers will be in line which will make a spectacular parade and the citizens are urged to join them in their parade.

The parade will be led by the Follansbee brass band of twenty-four pieces. The soldiers will march in squad and platoon formation. In the afternoon there will be athletic events and probably speaking and the bigger events will be held toward evening, including an ox roast at the Duquesne street hall park and fireworks from the hillside above town.

Marriage Announced. Announcement was made Friday of the marriage of Miss Elizabeth W. Schwartz and Algy V. Shanner, both of Beaver Falls, Pa. The ceremony was performed at the Church of Christ parsonage by Rev. E. Z. Gallaher.

Continue Half-Day Sessions.

First grade pupils of the Chester public schools will continue the half-day sessions next week, Supt. E. E. Oldaker announced Friday. Pupils attending the morning session will come in the afternoon next week and those coming in the afternoon this week will attend the morning sessions next week.

Ready for Big Series.

Final practice will be held Friday evening by the Chester Athletics in preparation for the opening game of the big series with Salineville which is to be staged at 4 o'clock Saturday afternoon at Rock Springs park. The second game of the series will be played Sunday at Salineville. A toss of a coin will determine the place for the third game.

Chester Rifle Club Shoot.

The regular monthly shoot of the Chester Rifle club will be held at 6:30 o'clock next Monday evening at the club range on Locust hill.

Funeral services over the body of the late John G. Kell, whose death occurred Tuesday afternoon, were conducted at the late home in the Ches-

RETIRED DIPLOMAT MADE "BEARER OF THE GREAT SWORD"

Sir Edward Goschen.

Sir Edward Goschen has just been appointed by King George to the ancient and honorable office of bearer of the great sword of state of the realm. The office, which has been vacant for three years, carries no duties save the very strenuous one of bearing the great sword with both hands, point upward, at state functions and court pageants. Sir Edward was British ambassador at Berlin at the outbreak of the war. He has retired from diplomatic service because of his age.

ter-Newsell road at 3 o'clock Friday afternoon. Rev. E. Z. Gallaher, pastor of the Chester Church of Christ, officiated. Interment was made in Locust Hill cemetery.

Home Coming Celebration.

The Presbyterian church at Mill Creek, near Chester, held its homecoming celebration Thursday. Former pastors of the church were present and delivered addresses. Ladies of the church served the dinner at which covers were laid for 269.

Queen's Daughters Meet.

The Queen's Daughters of the Chester Methodist Episcopal church met at the tabernacle building on Second and Third street Thursday evening. A social hour was enjoyed. Luncheon was served.

Missionary Society Meeting.

The Ladies' Missionary society of the First Presbyterian church of Chester met at the home of Mrs. George A. Arner in Sixth street, Thursday evening. A social hour was followed by luncheon.

Cincinnati—American speech week will be observed in the Cincinnati public schools during the first week in November. Parents are urged to cooperate. The subject of this campaign is to emphasize the need and value of the use of good English.

TO SEEK EARLY TRIAL IN FOOD STORAGE CASES

COLUMBUS, Sept. 26.—Attorney General Price announced that he will ask for early trials in the food storage cases, pending in various parts of the state, as soon as the state supreme court has passed upon the appeal of a local case. The Franklin county appellate court has approved the action of the Columbus municipal court which fined Theodore Leonard, a local food dealer, for alleged violation of the Ohio cold storage act. Leonard will appeal to the state supreme court.

GOV. COX THREATENS BATTLE ON MEASURE

COLUMBUS, Sept. 26.—That he will lead a movement to amend the Ohio constitution if the courts rule that the laws passed by the state legislature last winter prohibiting German instruction in schools below the eighth grade are unconstitutional, is the declaration made by Governor Cox. He insisted that "aliens must be Americanized."

Newark.—In response to the charge that a traveling salesman was illegally selling liquor, a member of the local police force spent a day trailing him. Finally the officer overtook the salesman in a down town store. But seeing nothing out of the way, he waited until the salesman left. Then the officer told the proprietor what the accusation was. Laughing, the proprietor explained the salesman was selling embalming fluid and undertakers' supplies.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried persin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphated magnesia, not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Let Any Musician Judge!

Ceramiphone

Musicians and folks with a natural or trained ear for music quickly agree that for true musical tone reproduction the new Ceramiphone Phonograph is in a class quite by itself.

It does not miss the slightest harmony. Its motor is noiseless. All scratching is gone. The Ceramiphone is pure, unadulterated music—and it plays ALL Records. It is more than merely all phonographs in one.

You'll want a Ceramiphone in your home. So let us demonstrate it for you—play your favorite records on it—and give you a most wonderful musical treat.

Our Employees Are Your Neighbors

IN THE PORTION of Ohio served by this company we have 474 people on our payroll. Together they make up the telephone company, and all of them are your neighbors. They are regular people, just like you, your friends and family.

THESE EMPLOYEES OF OURS spend their wages right at home. They eat food, wear clothes, live in houses, talk, laugh, sing, cry, get peevish—and get over it—and enjoy the movies, just like you. They are good citizens and we are proud of them.

THESE FOLKS ARE trying hard to give you good telephone service. They comprise the organization whose business it is to see that always there is some one on hand to keep the service going in spite of accident, flood, epidemic, storm—any one of a hundred emergencies.

THEY TAKE PRIDE in their work and in their company. But sometimes, when they hear people complaining about paying a necessary slight increase for telephone service, they become worried and wonder how they are going to make ends meet. For they know their wages depend on what you pay for telephone service.

NOW THAT WE ARE asking that the company be allowed to make a living, we believe it is timely and appropriate to remind you that the more support you give the telephone company the better it can serve you.

SPOKANE WOMAN IS HEAD OF PACIFIC COAST NURSERYMEN

Mrs. Robert Day.

Unusual it may seem, but the organized nurserymen of Washington, Oregon, Idaho, Montana, California, Utah and British Columbia are not headed by a nurseryman but by a nurserywoman. She is Mrs. Robert Day of Spokane, Wash., and her title is "president of the Pacific Coast Nurserymen's association." Two hundred active members are on the association's rolls and Mrs. Day is about the only woman on the list. Mrs. Day started in the business when she was sixteen years old and she is but twenty-three now.

LOCAL MEN RETURN FROM MEDICAL MEET

Several East Liverpool physicians have returned home from Youngstown where they attended a meeting of physicians and medical men of this district Thursday under auspices of the Ohio State Medical association.

Dr. C. B. Ogden, W. R. Clark, F. R. Harrison, W. N. Gilmore and W. A. Hobbs attended from this city.

Dr. H. N. Cole, member of the faculty of Western Reserve Medical college, Cleveland, delivered the principal address of the affair.

USE OLD GLORY ONLY IN SALEM DECORATIONS

All allied flags have been stripped from the decorations adorning Salem's downtown business district in connection with the Tenth Annual Homecoming to be held Friday and Saturday.

American flags alone will be used in the decorative scheme, it was announced Friday morning. Protest against the appearance of foreign flags was filed with the committee on

arrangements by the G. A. R., world war soldiers and merchants.

Several thousand persons from all parts of the county and adjacent counties are expected to attend the celebration.

YANKEE DEAD TO REST IN FRANCE

PARIS, Sept. 26.—Many of the bodies of our soldier dead in France can never be returned to rest in their native soil. It is even doubtful if relatives and friends of hundreds of those who made the supreme sacrifice over here would want their remains disturbed if they knew the circumstances under which they were buried.

It is a delicate subject that the army authorities have only hinted at in their desire to save bereaved mothers and fathers unnecessary pain. To put it as gently as possible, many bodies were buried in such haste during the hottest fighting that they are in no condition to be moved.

Fortunately our army suffered less in this respect than did the forces of any other nation, not only because we were engaged in heavy fighting for only a comparatively brief period, but because we were constantly advancing while suffering heavy losses.

In Flanders, where the British fought in bags and the battles raged fiercely with first one side and then dead lay between the opposing lines, where it was impossible to reach them and give them proper burial for weeks even months. In the Champagne and on the Verdun front, where hundreds

of thousands of France's poilus gave their lives, the same situation prevailed. But in the heavy fighting at Chateau-Thierry and to a lesser extent in the Argonne the Americans were pushing steadily ahead and a very large percentage of our dead were quickly reached and given proper burial.

There were times, however, when bodies had to be quickly disposed of in order that the health of the army might not suffer. Frequently coffins were not at hand; they could not be brought up under enemy fire without endangering the lives of many more Americans, nor could the corpses be taken to the rear for the same reason. Little burial parties gathered quickly

in the darkness, often with German shells screaming overhead, a chaplain read a brief service and the dead were laid away as expeditiously as possible, the spots being marked by the wooden crosses and identifying records forwarded to the grave registration service.

In the garden of one villa in the city of Chateau-Thierry the bodies of six Americans lie in the shade of a rose-covered wall. They were killed in sharp fighting in the outskirts of the city. Their remains were recovered when the Germans evacuated the town and were laid away in their blankets a few hours later. One came from Atlanta, one from Milwaukee and the identifying crosses on the others showed they were farmer boys from counties in Ohio and Illinois. In many instances of this kind the tide of battle swept swiftly by, the bodies were taken from the earth and placed in coffins and later removed to the American military cemeteries now dot

ting the fields of France. How many could not be moved it is hard to estimate. Around Romagne and other large

American military cemeteries French associations are arranging to care for American graves in case the bodies are not returned to the United States.

Spotless Complexion Easy to Have

Provided You Make Use of the Wonderful Calcium Sulfide in Stuart's Calcium Waters.

The camera catches the expression, but it cannot show the beauty of those natural

tints of a beautiful complexion. In fact a sweet expression is made a hundred times more enchanting when the complexion is lovely.

All you need do is to clear the skin of pimples, blotches, liver spots, blackheads, mud-complexion and skin eruptions by using Stuart's Calcium Waters. These troubles seek the skin as one of the natural outlets of the body. And if you supply it with the proper materials it will pass off in the pores of the skin instead of ugly accumulations. Get a box of Stuart's Calcium Waters in any drug store at 50 cents. You will then realize what it means to be prettier than your picture.

VOL. VI.

EAST LIVERPOOL, OHIO, FRIDAY, SEPTEMBER 26, 1919.

EDITION 17.

The Charm and the Glory of the New Fall Fashions are Everywhere

The New Silkaline Draperies Are Here

Housewives like them for drapery purposes and also for comfort coverings, because they have so many good qualities. In the first place they launder perfectly, and then they have such a fine silky finish, and the patterns are simply beautiful. They're all yard wide. Prices 30c to 35c yard.

Gem Safety Razor Blades, a package of 5 for 25c

New Fur Cloths Prepare for a Busy Season

Soon now they will be in the form of stoles, muffis, entire coats or trimming for coats or suits. We are selling them for all these purposes, and we have rarely had a better assortment, starting with a black at \$8.00 yard we have them at \$9.75, \$11 and \$16 yard. Beaver at \$13.50 and a rich brown at \$15.00 yard. And they're all 52 inches wide.

The First Cool Spell Suggests Suits to Many Women

And just in the nick of time, have arrived some beautiful new models. What a wealth of styles, colors, fabrics and trimmings is now yours to choose from. The grace of line of the new suits is enhanced by the richness of the materials from which these distinctive styles are developed. Such fabrics are Silvertones, Velour Checks, Peach Bloom, Serges, Tricotines, Duve de Laine and Tinsel Twills. A wonderful collection of colors assembled here for your choosing. Navy blue, brown, pekin blue, taupe, black, plum. In all our tailored suits, you'll notice that elegance gained only by a high degree of tailoring—a distinguishing trait throughout. Prices \$39.00 to \$135.00.

Furs Were Never More Glorious

The wraps in particular are gorgeous, and there are a great number and variety of fashions in the separate scarfs, sets, stoles and capes.

Our showing is now admirably complete.

The Wizard Reminder Clock

Claimed to be the most useful clock in the world. The only clock whose signal can be instantly set to ring loudly (as for the morning awakening) or notify softly (as for sick room and office use.)

It reminds unfailingly on the dot. For any number of hours from 1 to 12. For any number of minutes of the hour from 1 to 60. For any number of hours and minutes of the day and night. The Wizard is the highest priced 24 hour alarm clock on the market because it is the most efficient and best constructed clock on the market. Ask to see this clock.

A Riot of Colors In the New Cretonnes

So many uses now for these pretty cretonnes, for window draperies, for curtains between rooms, for furniture slip covers, for cushions and a dozen other uses. The color combinations and patterns are truly wonderful in fact you'll find a color scheme and pattern suitable for every purpose. Prices 25c to \$1.50 yard.

Lovelier Than Ever—The New Silk Underwear

Just out of their boxes and tissue wrappings, silk underwear that is exquisitely dainty. Styles and trimmings that are entirely new this season. And best of all prices are very moderate, quality considered. Made of washable satins and crepe de chine in white and flesh colors.

Silk camisoles \$1.25 to \$4.00. Combination garments \$3.50 to \$8.85.

Pajamas \$5.55.

Night gowns \$7.75 to \$13.15.

Silk bloomers \$4.50 and \$5.00.

Silk petticoats \$4.50 to \$6.10.

Extra large size Camisoles \$2.50 and \$3.00.

Combination garments \$7.20 and \$7.75.

If the Baby's Supply of Dresses Is Low

Here are fresh new ones, not expensive to fill up the gaps. Here are the dainty long white dresses made of nainsook, lawns and batistes priced at 75c to \$4.50 — The pretty white short dresses are here in abundance sizes, 6 months, 1 and 2 years. Made of fine nainsook, lawns and batistes at 75c to \$4.50. From a convent in New Orleans we have received a shipment of hand made dresses to sell at \$1.50 to \$5.

Pretty New Coats for the Little Miss 2 to 6

We made every effort to find coats which were just right and you'll agree that we succeeded. All the girlish looking little styles are here. Made of such good, serviceable materials as broadcloth, silvertones, velours, velvets, and plushes. The wanted shades and colors are well represented, black, pekin blue, copenhagen blue, rose, burgandy, green, navy and brown. Quite a few of the coats are trimmed with fur collars and some with fur cloth collars.

Flannellette Pajamas for Women

Already many maids and matrons have been inquiring about these warm night garments. Every year shows an increase in their popularity. These are the one piece pajamas, in pretty blue and pink stripes and the prices, \$2.75 and \$3.00.

—Underwear Section—2nd floor

Many Women Have Asked for Wool Jersey Cloth

And we are glad to tell you that we have just received a shipment of four splendid shades, tan, pekin and navy blue and also grey. These wool jerseys are 54 inches wide and the price \$4.50 yard.

Necklaces to Brighten Up New Frocks

On her dark cloth or silk frock one of the new necklaces will add a gay spot of color and perhaps just the touch the gown needs. New necklaces are of imitation jade, coral, lapis, sapphires, emeralds, jet and pearl. In all the fashionable lengths. Prices 30c to \$6.00.

Georgette Crepes to Match Even the Oddest of Color

If the color can be found at all in a georgette crepe it can likely be found here, because we have an unusually large assortment. By actual count we have 60 pieces of plain georgette crepes at \$2.00 to \$3.00 yard, and in addition 21 pieces of figured georgette crepes at \$3.00 to \$4.00 yard. They're all 40 inches wide.

Those Dainty Colored Border Lissue Handkerchiefs

We have just received a shipment of those charming little handkerchiefs in various styles of colored borders. The manufacturers of these handkerchiefs agree to give you free of all cost one-half dozen lissue handkerchiefs for every one that loses its color in the laundering. They're 35c or 3 for \$1.00.

Net Ruffings Are Being Used More Than Ever

For collars and cuffs, and quite charming they are indeed, for late summer and early Fall Days. New shipments have brought enough for everybody, we hope, in white net, lawn, organdy and georgette, 2 to 5 inches wide. Prices 35c to \$2.00 yard.

Chiffon Panné Velvets, Most Exquisitely Lovely and New

Furs and velvet-finished fabric are the first fashion for winter, so this showing will be welcomed for the making of handsome afternoon and evening gowns, evening wraps, coats and skirts. We are showing these lovely velvets in green, brown, black, navy and old rose. They're all 40 inches wide, and the prices \$6.50 to \$9 yard. A beautiful black silk velvet 44 inches wide at \$7.50 yard.

If You Ever Hear a Woman Complain of a Washing Machine Then She Has the Wrong Kind

We recommend and sell but one kind.

We hear from it frequently but never to its discredit. Always the reports are enthusiastic. In fact, a washing machine is a wonderful labor saver and maker of enthusiasms. It works so easily, so quietly so genuinely, you can tell exactly what it will do in a given time—and you never can tell that about a washerwoman. The machine which we commend to our customers is the Easy Vacuum Electric Washer, which operates in an approved scientific system. To prove our assertion, we simply ask you to try this machine without any obligation to buy unless you are thoroughly satisfied.

No Matter What Kind of Apron She Wishes

—A woman is fairly certain to find just the kind she has in mind, or would like to have, in the apron section. There are big aprons and little aprons, aprons to cover your frock and keep you spotless, even in the kitchen, plain aprons and fancy aprons—In fact any style you want from 40c to \$2.00.

At The Theatres

WALLACE REID IN STRAND PHOTOPLAY

Wallace Reid's new Paramount picture, "You're Fired!" one of the best in which he has appeared this season, will be the feature at the Strand theatre Friday and Saturday.

The story was written by O. Henry under the name of "The Halberdier." The title, "You're Fired!" is quite appropriate and is representative of the main situation in the story.

The plot deals with a young man to keep a job for three months in order to win the daughter of a wealthy railroad owner, this being the test imposed upon him by the prospective father-in-law. He works first in an office, then as a xylophone player in an orchestra and finally gets a job to pose in a suit of ancient armor in an Italian restaurant and furnish part of the Bohemian atmosphere of the place. He has been compelled to resign from his first two positions to keep from being fired, as in that event, he would have lost his chance of marrying the girl.

An amusing complication arises when his sweetheart discovers him playing the xylophone in the orchestra and later, when she finds him pos-

ing in the old suit of armor in the cafe. But the young hero averts a business disaster which might have fallen upon the girl's father, and thus wins out, just as the old clock in the little restaurant strikes twelve, marking the end of the three months period.

HOOSIER ROMANCE IN FILM BOOKED HERE

Selling butter and eggs, yes, even her cow, to send the boy she loved to school and undergoing the greatest tragedy of her life when the boy, now grown to manhood, married a flighty society belle, was the experience of Susie May Truebell, a pretty but plain

Hoosier girl. The boy, William Jenkins, was not so ungrateful as it would at first appear for he knew not the identity of his unknown benefactor. In fact, he little dreamed that it was Susie, whom he had known and loved since childhood—loved as a brother loved a sister.

But the social butterfly proved untrue to her husband. The latter, after his graduation from college, was ordained a minister and made pastor of the village church in his home town. The wife repaid his love by accepting

the attentions of other men, and, as generally happens in such cases, was cruelly punished by fate. Susie, although she never forgot that she was the bearer of flowers at the wedding of the man she loved, protected the erring wife and it was only after the latter's death that William came to the realization of Susie's great love and happiness came to both.

This gripping Hoosier romance will be romantically depicted Monday, Tuesday and Wednesday of next week at the Ceramic.

PRETTY OLIVE THOMAS IN AMERICAN FILM

Beautiful Olive Thomas is seen at the American theatre in "The Split Bride," a drama of youthful impulse, produced by Selznick Picture Corporation. Never has Miss Thomas looked more beautiful, and never was she cast in a better role than that of Tes-

sa Doyle, one of the partners of the Dennis and Doyle dancing "sisters."

Tessa was a high type of show girl—straight, sweet and clean. When Rodney Dolson saw her he immediately decided that she was just the girl for his friend, Billy Swayne, to marry. Rod had impressed Billy with the fact that he must get married—to spite Millicent Lee, the girl to whom Billy had been engaged and who had jilted him, so that she could

not get out her publicity first. Rod's idea was this: Marry the girl, hand her a thousand dollars and then give her a trip to Reno.

Billy, a scion of one of New York's oldest families, married the girl, but when he proceeded to give her the thousand, he met trouble. Trivia, Tessa's astute little partner, had sized him up and came to the conclusion that he could afford to pay more. Then follows an interesting climax.

Press Club Organized

DAYTON, Sept. 25.—Editors and reporters of the three Dayton daily newspapers have organized a press club and have appointed committees to draft a constitution and bylaws. There are more than 60 newspaper men employed on the Dayton newspapers. It is the plan to make a social feature of the new club prominent and men of large affairs in the business and professional world, as well as men in the political world will be asked to address the club from time to time.

TROOPS UNWILLING TO MARCH ON FIUME

ROME, Sept. 26.—"It is time to tell the truth—the Italian land and sea forces are unwilling to march against Fiume," declared the Popolo Romano today.

The Tribuna complains of the delay of President Wilson in making any pronouncement on the Fiume trouble and charges that the American president "is responsible for what has happened."

Mansfield — It was during a trial here that a witness informed Attorney John Kramer, former state representative, that garbage is hauled in tightly closed receptacles, not to prevent offensive odor from escaping, but to "keep the garbage clean."

Qualifying as an expert on odors, this witness—it was in a pig case—testified that he works among hogs all the time and that there is no offensive odor either from the hogs or the garbage they eat.

DRY FORCES IN READINESS FOR STATE FIGHT

Every Town In Columbiana
County Organized, Says
S. P. Ankrim.

LEADERS ARE APPOINTED

Big Rally Is Scheduled In
County for Friday
Night.

That Columbiana county is prepared to do its share in the intensive educational campaign planned by the Ohio dry forces in the fight to defeat the wet element at the November election, was the declaration made Wednesday by S. P. Ankrim of this city, manager of the Columbiana county dry organization.

Every town in the county has been organized and precinct chairmen appointed for each of their respective political subdivisions. The nineteen townships in the county have also selected township leaders for the pre-election campaign, Manager Ankrim said.

A rousing dry rally was held Monday night in Salem. County Manager S. P. Ankrim outlined plans of the county drys at the meeting. Wednesday night a rally was staged in Rogers by the dry organization while on Friday the dry forces of East Rochester will hold a get-together meeting, Mr. Ankrim announced.

Whether the proposed referendum on Ohio legislative ratification of the federal prohibition amendment will be retained on the state ballot at the coming election in November will hinge upon the opinion handed down by the Ohio supreme court. The issue has already been printed on the sample ballots sent out to deputy election officials by Secretary of State H. C. Smith.

COUNTS ALL BROKE, WEALTHY WIDOW BETROTHED TO ONE

NEW YORK — "You know the counts are all broke now. I have the money, so why shouldn't I bring one home with me," said Mrs. Maria D. Bustanoby to a number of friends when she sailed for Europe two months ago.

Mrs. Bustanoby will arrive back shortly betrothed to Count Rossolo di Riccio, a member of a well known Italian family. It is not known whether she is accompanied by her future husband or not.

HIS STOMACH IN BAD SHAPE

Wm. F. Fortenbacher, Who Lives at the
Wm. Penn Hotel, Has Regained
His Health.

Give your stomach a chance to make good—and help it so that you may again know the feeling of real health—again have that vim, energy and vigor, clean tongue, sweet breath, good complexion and be able to sleep the night through and eat the food you crave without fear of the consequences.

The new herbal remedy for the stomach, Plant Juice, recently introduced here, will assist that much-abused organ, the stomach, to accomplish these results.

Many well known people have testified that they have regained their health through the use of the famous remedy, and are glad to make statements in signed testimonials. One of the most recent is that of Mr. William Fortenbacher, who lives at the William Penn hotel, and has a wide acquaintance here. He said:

"For some time my stomach was in a terrible condition and I would have had vomiting spells; I could not keep the lightest kind of food down and could not get any sleep at night; I got so weak and run down that I was awfully discouraged, as I had tried different medicines without any benefit whatever. I was also under treatment, but got no results from it. After this had failed, I decided as a last resort, to give Plant Juice a trial, although I had little faith in it helping me. I can now truthfully say that Plant Juice cured me of the weak spells I had and put my stomach in fine condition. It has built me up in every way. I can honestly recommend Plant Juice."

Plant Juice is sold in East Liverpool at Larkins' drug store.

SCENE FROM ACT 2 OF "THE LITTLE MOTHER TO BE," WHICH OPENS THE DRAMATIC SEASON AT THE CERAMIC TODAY.

BRITISH ARE REFUSED ENTRY INTO MEXICO

WASHINGTON, Sept. 26. — Scores of British subjects have been refused entry into Mexico during the past few weeks, according to word reaching the British embassy today. Embassy officials were without details, but understood that officials in Mexico City had peremptorily refused to give passports, and that border officials were refusing to give passports unless those to whom they were issued would waive responsibility for any harm that might befall them.

The territory near the Bug River, Poland, is the most desolate region in the world, according to the Jewish relief workers there. Only two forms of life are to be seen; the forlorn herds of refugees who stream along the barren bone-strewn roads and the carrion crows that wheel significantly above their wanderers' highway.

BIG EATERS GET KIDNEY TROUBLE

Take a Glass of Salts Before Breakfast
If Your Back Hurts or
Bladder Bothers You.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

OHIO CLAIMS BRAND WHITLOCK AS NATIVE SON

COLUMBUS—Ohio newspapers are busy claiming Brand Whitlock, new ambassador to Italy, as a native son. And they are all on the right track. Whitlock's father, the late Rev. E. D. Whitlock, was one of the most prominent Methodist ministers in Ohio in the earlier days when ministers moved often. So Whitlock has many "home towns" in Ohio.

Friend Recommends Tonic

"My wife suffered from a rundown constitution; was very nervous and could not sleep good. She had been this way for quite a long time," declared the proprietor of the Confectionery store at the corner of Tuscarawas and Warner streets. His name is given below.

"Earle's Hypo-Cod was recommended very highly to me by a man who used it and got excellent results. He had used it for a heavy cold he had contracted, and was in a rundown condition and it built him up and also cured his cough and cold in a very short time. I really got it on his recommendation and find that it will do all the things claimed for it."

"My wife is improving right along since taking Earle's Hypo-Cod. I recommended it because of the most excellent results my wife obtained from it while she has only taken it a short time she sleeps much better, has a better appetite. She always claimed she could never take Cod Liver Oil, but Earle's Hypo-Cod has such a pleasant taste that anyone can take it and you never taste the Cod Liver Oil in it," continued Mr. Frank Seemoys, Tuscarawas and Warner Sts., Canton, Ohio.

Earle's Hypo-Cod is certainly a pleasant tonic to take. The nauseating, fishy taste of the Cod Liver Oil by a secret process has been removed. Children who are fond of it and it agrees with the most delicate stomach. Thousands find that it is an ideal tonic and being made by the well known Earle Chemical Co., Wheeling, W. Va., assures you of the finest quality. Read the formula on the bottle tonight and take home a bottle. Price \$1.25 plus 5c war tax.

NATURE'S GARB FOR THIS CULT

LONDON, Sept. 26. — A "back-to-nature" brotherhood and sisterhood, known as the Kosman Dawn, whose chief tenets consist in wearing no clothes and taking sun baths in the open has come to light at Rock House, near the village of Egg Buckland, in Devon.

John Arthur Pratt and Muriel Boyle who passed as keepers of a refuge for children, were summoned for allowing girls of from 11 to 15 years old to scamper about a seven-acre lot without any attire. The technical charge

was that they had not registered the children with the authorities, as is required. The evidence showed that the defendants were frank and open, that

the children were healthy, clean and well-fed. Elias Chegwidon, father of four of the children, said he regarded Rock House as his home and the female defendant as his housekeeper.

Watch the Little Pimples; They are Nature's Warning Unightly and Disfiguring Signs of Bad Blood.

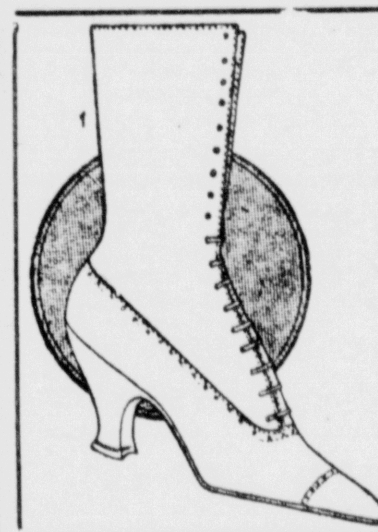

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause

unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

WAR BABY QUESTION SOLVED IN THIS PLAY

Since our boys have so gloriously settled our international problem 'over there,' we must now face and settle our domestic problems created by the late war. The war baby and its unwedded mother, for instance. What is our duty towards them? A case in point typical of a vast number of others all over the warring nations has been taken from life and woven into one of the most human and engrossing plays of today, and under the title of "A Little Mother To Be," is doing its bit in justly solving the war baby question. This up to the minute play will be the attraction at the Ceramic theatre Friday and Saturday with matinee both days.

KILLS PARENTS TO GET MONEY

AMSTERDAM, Sept. 26.—Johann Apfelbock, a boy of fifteen, who was arrested on suspicion at Munich of being concerned in the murder of his parents, confessed to having committed the double crime. He killed his father and mother by shooting them with a revolver while they were in bed, and afterward stabbed them repeatedly with a dagger.

The boy possessed himself of their savings and cleared their pockets to the last coin. He then left the flat, taking with him the key of his parents' bedroom.

At the end of four days of riotous living he returned to the house carrying some boards. Next he proceeded coolly to construct a rough coffin.

The suspicions of the neighbors were aroused, however, by the sound of the constant hammering, and also by the offensive odor which emanated from the door of the flat. The police were accordingly communicated with and the boy was arrested.

IF YOUR EARS RING WITH HEAD NOISES

If you have ringing, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parolint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

WHO'LL IT BE-- REDS OR SOX?

Here Are Personal Opinions
of Baseball Followers In
This City and Vicinity--
Nearly Equal.

The Cincinnati Reds and the Chicago White Sox will go to the mat in the first bout of the nine-round schedule Wednesday afternoon, October 1, at Redland Field. Interest in the series has assumed immense proportions, especially in this state. Each club, of course, has its own backers. It would be useless to ask anyone in the immediate vicinity of Cincinnati what they thought of the outcome of the 1919 world's series. Every fan in Cincy is baseball crazy and would be willing to lay his last sou that Pat Moran's gang will slam the Sox for a homer. Same way in Chicago. But as the range of distance increases, opinions differ.

What do East Liverpool fans think of the contenders for the highest honors in baseball this year? Curbstone talk and back-room gossip find both clubs as pretty nearly an equal following. Stop a minute on one corner and listen to a bunch of dyed-in-the-wool talk about it and you're absolutely sure there isn't anything to it but the Reds; meet the next fan and listen while he hands out an earful and you can see that after all the White Sox look pretty good.

But be that as it may, here's Jack Williams, proprietor of the Grand pool room, who opines that the big flag will be hung up in Chicago. Jack isn't radical, however, and doesn't believe it will be any walkaway for Kid Gleason. It will be a stiff battle, he declares.

"Chicago has a team that has come through the mill," said Williams. "The American league in years past has been faster than the senior circuit and most certainly has shown a better brand of ball this season. At least four good clubs, Cleveland, New York, Detroit and Chicago, made things interesting. There wasn't much to the National league except New York and Cincinnati. It was really a question of leadership. I believe if Pat Moran had led the Giants they would be preparing to dispute Gleason's team now instead of the Reds by a lead of about fifteen games. The Sox have had more competition and for this reason I think they are better prepared to go into a gruelling series of this kind."

Sentiment is another issue that enters into the series, which apparently

hasn't been considered heretofore. Of course sentiment won't pay for a pair of kicks, but Chief of Police Hugh McDermott has a few fine reasons for declaring that the Reds are his choice for the flag winners.

"I've got at least two good reasons for depositing the old roll on Moran's crew," declared McDermott. "In the first place, the Reds are Ohioans, our own statesmen, and I'm going to back them for all I'm worth. And secondly, consider Pat Moran. I think Moran is the biggest and brainiest leader in baseball today. He well deserves the name, 'Miracle Man.' Out of a bunch of misfits that were objects of ridicule at the beginning of the season, he welded together a team that is now standing on the threshold of a world's series, the first for many, many years. He did what Mathewson and others couldn't do in years gone by. Yes, Cincinnati is easily my choice."

Eugene Bradshaw, former safety director, places his faith in Kid Gleason's long range hitters to knock in enough runs to help Ed Cicotte and Williams win sufficient games to take the gonfalon. There isn't a bit of doubt in his mind as to the final result.

"Cincinnati all the way through. The Reds have the best all around team. Why, Pat Moran and his crew will riddle the Sox till they look like imitation Swiss cheese."—Ralph Bendum, East End.

Bill Patterson and Harry Wolf, also of East End, are of the unanimous opinion, too, that Moran has the best club. Wolf was a strong Giant fan, but when the Gothamites succumbed to the onslaught of the quick moving Reds, he shifted his affections to the National league winners.

"The punch that took the Reds from the bottom of the ladder and enabled them to outdistance every other aggregation in the senior circuit, including McGraw's mighty Giants, will furnish the impetus for a winning drive against the Sox in the coming series," is the declaration of Frank R. O'Hanlon, who refers to the Boston Braves of several years ago as proof that spirit will sometimes accomplish wonders. "However, I don't deny the fact that the Sox have a splendidly balanced squad, probably better all around with the exception of one department, the pitching staff. I think the Reds outshine the Sox there."

J. S. Lambing at Wellsville would like very much to see the Ohio outfit win, but fears that the Gleason crowd will land. He bases his opinion on Ed Cicotte.

To Elsie Carey there is not a great deal of doubt that Gleason will win.

CRAVATH WILL MANAGE PHILS

PHILADELPHIA, Sept. 26.—Chief C. Cravath will manage the Phillies for the next two years. Cravath signed a two-year contract with the club and is to have free rein in trading, buying or selling players.

CHINA WORKS REGULARS WIN FROM DECORATORS

China Works Regulars won from the Decorators of the same shop at the Grand Alleys last night by 59 pins. Merchant had high score of 188 and high average of 126. Scores:

Totals 557 486 514—1557

"The Sox have an all-around better club than the Reds; have played in a faster circuit; two good reasons why I think they'll win."

While our own sympathies are with the Reds we do not entertain the belief that the Sox haven't any chance at all. Pat Moran brought the Cincinnati club through a season to the position it now occupies by his very capable leadership in which department he ranks with the best. The spirit that he aroused in the minds of the men when he started out the season is still with them and is going to carry them through the series. Perhaps it sounds a trifle airy to talk of spirit, incentive, punch and all that kind of thing in connection with matter-of-fact baseball, but nevertheless, granting that the Sox have a better balanced club, the pep and enthusiasm of the Ohioans are going to carry them to a point where their fervor counts for something."

Here's some more: Blaine Cochran, Reds; H. B. Barth, Reds; Heime Davis, White Sox; Charley Mailey, Reds; Millard E. Blythe, White Sox; Lame Hinchart, Otto Powell, Pete Mullen, "Slats" Smurthwaite, all for Cincy; Andy Hughes, Cincinnati; "Hap" Reark, White Sox.

YOUTHFUL TENNIS STAR ESTABLISHES WONDERFUL RECORD

Vincent Richards.

This youngster, Vincent Richards, sixteen years old, has set a remarkable record in tennis. Up to recently, when he and William F. Tilden II, lost the national doubles title to the Australian stars, Brookes and Patterson, Richards held five national championships. One of them was the indoor title and the others were in junior events. He defeated Tilden, second ranking player in the game, in the indoor tourney. He recently retained the junior national title which he won last year.

There are, it is estimated, about 16,000,000 Jews in the world. Of all of them, 73 per cent live in the war-swept countries. Fully 6,000,000 Jews in Poland, Czechoslovakia, former Austria Hungary, Russia, Lithuania.

HIGHS TO MEET WHEELING TEAM

Coach John Coleman and Faculty Manager W. W. Robinson of the High school grid team are entertaining hopes that their proteges will be able to produce better results in their game Saturday afternoon than they showed in the opening game of the season a week ago. They will have a lot of stiff opposition in the Wheeling high squad, always counted one of the speediest outfits in the upper Panhandle district of West Virginia. Sixteen players will make the trip Saturday, it was announced Friday by Manager Robinson. This is more than the usual number, he stated, but he believed it advisable at this early stage of the season inasmuch as he would like to give all the most promising material a chance to produce in order that by the time the season is about a third gone the Blue and White will be able to operate with a well balanced outfit.

The following men will make the trip Saturday: Menge, Davis, Terry, Brown, Buxton, McCutcheon, Mantol, McKinley, Bromby, Brooks, George and Bill McDonald, Dimit, Robinson and two other players.

Leonard and Tendler Not Matched.

NEW YORK, Sept. 26.—Billy Gibson, manager of Benny Leonard, today denied that Leonard has been matched with Lew Tendler of Philadelphia for a 15-round bout at New Haven on Thanksgiving day. Tendler, according to Gibson, has so far refused to sign articles.

ANOTHER TITLE SERIES ON TAP

Chester Will Play Salineville In First Game of Series at Rock Springs Park Next Saturday.

Claiming the valley championship by virtue of having defeated the East Liverpool Weaver All Stars in a three-game series, the Chester Athletics are aspiring to extend the limit of their conquests. They have invaded Columbiana county, with the result that a series has been scheduled with Tom Cartwright's Salineville team for the championship of this district.

The first game of the series, it is announced, will be played at Rock Springs park Saturday afternoon at 4 o'clock. It is likely that Dawson of Georgetown will umpire. The second engagement will be held on the

Coltstown diamond the following Saturday, October 4. The meeting place for the final contest will be decided by the toss of a coin.

The management of the Athletics announces the following players eligible for playing: Wilson and McMath, catchers; Duncan, Finley, Riley and Hileman, pitchers; L. McMath, shortstop; Ridgley, first; Green, second; Allison or Marshall, third; Werkheiser, Rector, Potts and E. Bennett, outfielders.

Hileman is but a recent addition to the pitching staff. He hales from Pennsylvania. Outside of that little is known of him or his history. The Athletics management is figuring on springing a little surprise in the infield, which will be withheld until they go against the Salineville club here Saturday. The "surprise" in question means the fortification of a position in the infield by one of the best players in the district.

Manager Tom Cartwright expects to make no changes in his regular lineup.

RIVALS OF 1919

No. 3—Third Basemen

By JACK VEIOCK

The "hot corner" is going to be the scene of a real contest of skill between two of the snappiest infielders in the game when the Sox and Reds get together.

Third base, one of the most important positions on a ball club, will be regarded by George "Buck" Weaver and Henry Groh in this year's series. No better third basemen exist than these two stars. Weaver is the class of his league at the hot corner and the same applies to Groh.

Choosing between them is difficult. In our opinion if there is an edge either way the expert who finds it will have to use a high-powered glass to make the discovery.

Both are wonderful players to have on a ball club. Both are as full of pep as a barrel of chili and when it

comes to scattering pep around the infield they are in a class by themselves. They are of the type made famous by Johnny Evers and Buck Herzog. Bad breaks fail to still their ever-ready tongues and they fight all the harder when a ball game is going by the boards.

Groh is the captain of the Reds. He aspired to the managership before Gary Herrman signed Pat Moran to pilot the destinies of his club, but the signing of Moran made no difference in Groh. "Heinie" got into the game this year with just as much spirit as ever. He has given Moran the very best there is in him all season, and as captain of the team has been a big aid to the Pittsburgh Irishman in leading the Reds to the first championship they have held in half a century.

Weaver has played both third and short for the White Sox. Originally

MOUNT UNION HAS HEAVY GRID CARD

ALLIANCE, Sept. 26. — The first game of the 1919 football schedule of Mount Union college will be staged on Mount Field with McKinley high of Canton. The Mount Union schedule is one of the heaviest in the history of the school, including the following games:

October 4—West Virginia Wesleyan at Alliance.

October 11—Notre Dame at South Bend.

October 18—Oberlin at Oberlin.

November 1—Akron at Akron.

November 8—Case at Alliance.

November 15—Miami at Alliance.

November 27—Wooster at Alliance.

he was a shortstop, but when circumstances caused the management of the Chicago club to move him to third base he promptly made good. Like Groh, he started playing ball in 1908. He is a product of St. Mary's College, whereas Groh started his career in semi-professional ranks and got his professional experience at Oshkosh, Wis. Weaver broke into professional company at Cleveland, coming up for trial in 1909 from Pottstown, where he played semi-pro ball for a season.

Both players came to the big show to stick in 1912. Weaver graduating from the San Francisco club to the Sox and Groh to the Giants from the Buffalo club of the old Eastern League. Neither player has wavered professionally since that time, and as good third basemen are as scarce as Senatorial confidence in the League of Nations, it appears that they will be found in the averages for a good many seasons to come.

Groh leads his rival in batting efficiency on the 1919 season if figures alone are taken as proof of the individual ability of either player with the willow. The Cinoy third sacker boasted an average of .307 on Sept. 15, while Weaver's batting had netted him .299. By coincidence this pair had stolen the same number of bases on that date, both having a total of twenty-one for the season. Figuring that there was more good pitching in the American League than the National could boast of this summer, Groh's slight advantage in points means but little. To our notion the third base thing is a standoff between the two clubs.

JOBS OPEN TO SERVICE MEN

If there are any ex-service men who are machinists and out of work they will be welcomed with open arms at Cumberland, Md.

The Baltimore & Ohio Railroad company is in urgent need of approximately 200 skilled machinists to work on locomotives at their Cumberland plant. The pay will be 63 cents an hour for the first 90 days of employment and thereafter will be raised to 80 cents an hour. For every machinist employed two helpers will be taken on and paid from 48 to

60 cents an hour. This will mean the taking on of about 600 machinists and helpers in the B. & O. shops.

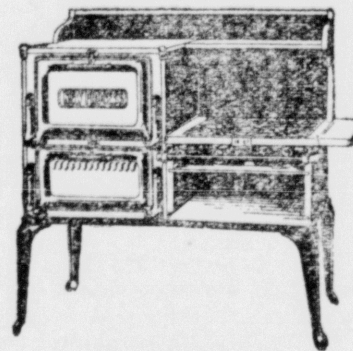

In addition to the call for machinists, a great many carpenters are needed at Cumberland. The American Cellulose company is building a factory there and the Kelly-Springfield Tire company is putting up a gigantic \$7,000,000 plant. Just at present the greatest need is for machinists and carpenters, but things are booming up in this Maryland city and there is a demand for skilled artisans of all sorts.

The town offers good living conditions; in fact much better than a great many of the larger cities where housing facilities are poor and the cost of living high. Ex-soldiers or

sailors who can qualify and who are out of work should write to T. M. Galloway, Central Y. M. C. A., Cumberland, Md., who will be glad to furnish any information wanted with re-

gard to the jobs or the living conditions in the town. He has notified the war department of the opportunities now open to returned servicemen.

GYPSY WOMEN ASK TO "BLESS" MONEY—STEAL IT.

ST. LOUIS, Mo.—Two gypsy women entered the notion store conducted by Joseph Bauer here. They bought a tray and three jelly glasses.

"How much money have you in the cash register?" asked the older woman. Bauer said he thought \$3 was about the amount.

"Show me—I bless it," said the woman. Bauer accommodated her.

"How much money have you got in your pocket? I bless it also," Bauer pulled out his purse and

placed it on the counter. A customer came in and Bauer went to wait on her.

When he returned the two women were gone. So were the two \$5 bills that had been in the purse. Witnesses told him that the women had entered an automobile with two gypsy men and departed.

Be Sure to See the "Dexter" Electric Washer and Wringer before buying any Electric Washing Machine.

You owe it to yourself to see the "Dexter" Electric Washer before investing your money in any power washing equipment. It is not a hand type machine with a peg dasher, fitted to run with electric power. Instead, it is a sturdily built machine, designed by the oldest washing machine concern in the country and guaranteed by them and by ourselves to do your washing better and in less time and without the least wear or tear on the finest fabrics. These are broad statements, but we can prove them to you as we have proved them to dozens of satisfied users in East Liverpool.

This Dexter Double Tub Electric Washer and Wringer

\$105

It not only does the washing, but takes care of the rinsing, wringing as well. No lifting of tubs after washing is finished. This wonderful machine does everything but hang up the clothes. It is the most complete washing equipment made.

Equipped with the famous "Dexter" Vacuum Dasher, which is so easy on the clothes and so thorough in cleansing them; wringer that swings in four directions, permitting the operator to wash and wring at the same time. The wringer control is the simplest made and will run the wringer either forward or reverse or stop it entirely.

In addition to the two washing tubs, the folding shelf on the all metal frame, allows you to have an extra tub for rinsing and one for blueing or an extra tub and clothes basket—both at the same time.

TROTTER'S

DON'T LET THE "FLU" GET YOU THIS FALL

You Can Almost Surely Avoid that Dread Disease by taking Chasco-Vin, a most Palatable Body-Building Tonic.

The terrible harvest reaped by the "flu" a year ago will last long in our memory. No one would have it repeated at any cost hence all should take every precaution in time.

Those who are weak, nervous and run-down specially need Chasco-Vin. In conjunction with Chasco-Vin we advise using a good antiseptic solution for the throat and nose and also that the bowels be kept regular.

Chasco-Vin is sold in East Liverpool by Flick's Pharmacy, Market street, and Carnahan's, East End, only.

It is the toning up of the system that counts in keeping the "flu" away.

During the last epidemic thousands were safeguarded by taking Chasco-Vin, a body-building tonic that does build.

RAIL MEN WILL NOT ATTEND CONFERENCE

WASHINGTON, Sept. 26.—The "big four" railroad brotherhoods, disapproving the method by which the delegates were selected, will not be represented at President Wilson's industrial conference on October 6.

Meeting for the purpose of selecting four delegates, as suggested by President Wilson, through the railroad administration, the railroad men appointed a committee, it was learned today, to wait upon Rail-

ways Director Hines and inform him of the action taken. Hines will be requested to inform President Wilson of their decision.

TO THE PUBLIC

I will not be responsible for debts contracted by my wife, Florence C. Morgan.

Enclosed:
The pair of tires referred to in our letter of the 10/14/19 were 30" x 5-1/2" Vacuum tires and were used on a Maxwell Touring Car, which was reported into a "Jitney Bus" and ran between Pasadena and Comadena Park, Cal. Our recollection now is that they ran over 30,000 miles before finally being thrown away and junked.

We had a large number of reports of great mileage with these tires from customers who gave them proper attention and inflation.

Yours truly,
DEROLVAL IRON COMPANY
